Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner points out the following defects in the claims: 1) the use of phrase "is sufficient" in evaluating a total value of the set of real properties is indefinite; 2) the use of "substantially similar types" in claim 9 is unclear; 3) the dependency of claim 18 is incorrect, because it depends on canceled claim 17. Furthermore, the examiner indicates if claim 1 is amended it may be allowable. The attorney indicated that he will amend the claims to resolve the issues raised by the examiner and clearly recite the novelty of instant invention in the claims.
